## Improve Your WELL Being

At WELL Spa + Salon, we focus on nurturing guests from the inside out. Our soothing atmosphere and array of indulgent services, combined with special touches, like Himalayan salt lamps in every treatment room will leave you renewed and refreshed. While you are here, relax in our Himalayan salt whirlpool that offers a unique oceanic experience.

Himalayan salt emits negative ions into the environment that help neutralize the harmful effects of positive ions that are released by modern inventions, like televisions, refrigerators and computers. The effect of such lamps is quick—you'll feel relaxed and free of anxiety within minutes of absorbing the energy from the lamps. We invite you to come experience the benefits yourself.
